Re: WT Docket 96-86  
WT Docket 06-150  
PS Docket No. 06-229

Dear Madam Secretary:

In accordance with Section 1.1206(b)(1) of the Commission's Rules, the Commonwealth of Pennsylvania ("Pennsylvania") submits this written ex parte filing with corrections in the above-captioned proceedings.

Representatives from the Commonwealth of Pennsylvania have reviewed the Ex Parte submission of the State of Delaware submitted to the Commission and dated July 15, 2010. Additionally, we have also reviewed the filings supporting the Delaware Ex Parte and endorse all of these filings as important to public safety communications. Accordingly, we request that the Commission do the following.

- A. Do not permit broadband operations in the narrowband voice channel spectrum of the 700 MHz frequency band. This band is critical to the provision of nationwide public safety communications interoperability.
- B. Recognize public safety's requirements and reallocate the D Block from the commercial auction to public safety for broadband communications.

Respectfully submitted,

  
Charles Brennan  
Deputy Secretary  
Office of Public Safety Radio Services  
Commonwealth of Pennsylvania
